

Declaration of conformity: REACH

According to Regulation (EC) No 1907/2006

Escubedo Connection Systems, S.A.U. is a manufacturer of electric terminals and plastic connectors. Based in our knowledge of the manufacturing process, where there was no modification of the chemical composition of the raw materials used for it, we declare that:

1. Substances used in the supplied products meet the requirements of the regulations and have been registered within the stipulated time.
2. Escubedo has received communication from their suppliers about their compliance with REACH regulation.
3. Products Escubedo do not contain any of the 240 substances listed in the candidate list of REACH regulation updated on **23 January 2024**, more than a maximum concentration specified in all decisions and amendments.

Signed;

Tomás Chiscano (Quality Manager)

Escubedo SAU
